

# MISSOURI VIDEO LOTTERY REGULATORY ACT

## Supporting Small Businesses will not hurt Missouri's Casino Industry

### MISSOURI CASINO REVENUE IS STRONG AND GROWING

- Missouri casino revenue and attendance have recovered to pre-pandemic levels and continue to grow
- Gaming revenue at Missouri's 13 casinos increased approximately 5% in FY25, reaching nearly \$2 billion, with growth in both slot and table games
- Casino admissions are up approximately 2% in FY26 and Adjusted Gross Revenue (AGR) is up approximately 6%

### ILLINOIS CASINO PERFORMANCE REMAINS STRONG (WITH REGULATED VLT MARKET)

- Illinois casino revenue and attendance have continued to grow alongside the expansion of regulated VLTs
- Casino gross receipts have increased 15%
- Casino admissions have increased 20%
- Growth has occurred despite widespread availability of VLTs across the state

***BOTTOM LINE: Real-world data shows that video lottery does not cannibalize casinos—casino revenue and attendance continue to grow.***
